I am a Software Developer currently exploring new technologies to expand my skill set, and actively pursuing opportunities for career growth.

## Experience

Microsoft Stack Developer, *Spencer Gifts and Spirit Halloween*, (01/2023 – Present)

Implemented full stack features such as file uploads, calculations and UI enhancements, as well as SQL reporting and cron job maintenance across HR, Payroll, and Field facing proprietary applications.

## Education

Computer Science, Bachelor of Science – Wilmington University

Web Applications Development, Certificate – Wilmington University

Java Programming, Certificate – Wilmington University

Computer Science, Associate of Arts – Camden County College, *Permanent Dean's List*

## Projects

ACNH Bell Calc ([source](#))

Used as an introduction to utilize data from a third-party API, this calculator allows you to total your inventory's worth using items from the game Animal Crossing: New Horizons.

*Using: HTML, CSS, JavaScript*

## Skills

Languages: C#, Java, JavaScript, PHP, HTML

Frameworks: .NET, ASP.NET, Angular, Entity Framework, Laravel, Bootstrap

Tools: SQL Server, Git, Azure Devops, VisualCron
